DEDICATION

This Book is dedicated to

MR. H. A. CRAIG

FORMER DEPUTY MINISTER OF AGRICULTURE

and

SUPERINTENDENT OF AGRICULTURAL SCHOOLS

*A Message from
The Minister of Agriculture*

I AM pleased to have the opportunity, through the Year Book of the Olds School of Agriculture, to extend my greetings to the young men and young women who have been students there during the past year.

On the occasion of the annual live stock display, better known as the "Little Royal," I had the pleasure of seeing the work that was being done in several Departments of the School, and I was impressed with the quality of the work and the spirit with which it was carried through.

It is a fine thing to excel in one's work, and those who can attain, in their youth, the training offered at the Schools of Agriculture are indeed fortunate. The Schools of Agriculture are maintained to give this opportunity to the farm youth of the Province, and it is gratifying to see that such a large number are taking advantage of the facilities offered.

Now that you have completed your training you have added responsibilities. You will be expected to improve conditions at home, and in your respective communities. It is a great satisfaction to know that a School of Agriculture conducted by this Department has qualified and inspired you to meet the problems which will confront each one of you.

I am particularly pleased to have the opportunity of sending this personal message to the Olds' students, and I wish you success in whatever field of work you may choose after graduation.

D. B. MULLEN,
Minister of Agriculture.

FOREWORD

IT IS a pleasure to contribute a brief message to the graduating class at Olds.

Another group of young men and women, having completed the prescribed course of studies, will emerge as proud graduates of the Olds School of Agriculture and Home Economics.

A new group takes its place in the ranks of the Alumni and the Olds School records another contribution to the cause of agricultural education.

It is a source of satisfaction to know that an institution conducted by the Department of Agriculture is serving well the youth of rural Alberta, and the facilities offered are being utilized by an increasing number of young people.

A course in Agriculture or Home Economics marks the graduate with certain distinctive qualities which characterize those who have enjoyed the training and environment of an institution of learning. A graduate will show a breadth of view, a tolerance and moderation, and above all, a measure of good taste and refined judgment which are the outward signs of cultural development.

The graduates of the Olds School have become leaders in their respective communities, and I feel sure you will uphold the fine traditions of the School. Your example and leadership may exert a profound influence on those who have not shared your opportunities. Your greatest satisfaction in life will come from sharing your talents and knowledge with others.

I trust you will maintain your interest in the School, and through the Alumni Association and Experimental Union you may retain active contact with your classmates and support your Alma Mater.

In whatever course you may pursue I wish you happiness and a successful career.

J. R. SWEENEY,
*Deputy Minister,
Department of Agriculture.*

MESSAGE FROM THE PRINCIPAL

TO THOSE who have completed the work of the year and are graduating from the School into the work-a-day world I wish to extend congratulations and best wishes.

In taking stock of the year you may be disappointed at what you have accomplished, but if you have made a real effort you have been successful. Standing in class tells only part of the story. You have each, according to your ability, contributed something to the life of the School. Now you are entering a larger sphere of activity. Let it be one in which you are interested and worthy of your best efforts as one can find no real happiness in his work unless it is worth while.

It is my earnest hope that your course may have widened your interests, improved your ability to think things through for yourself, and thus have helped you to find a firm footing in this turbulent world.

JAMES MURRAY.

Has taught at numerous institutions and public schools, St. Jerome College, Berlin, Ontario; St. Thomas College, Houston, Texas; and also in Edmonton.

Has instructed at the Provincial Schools of Agriculture since 1920.

Editorial

I BELIEVE that every young person should build for himself or herself a philosophy of life which will serve to carry them through the bright as well as the darker days that lie ahead.

And where better than at a college such as this can we start to build such a philosophy?

Away from home, many of us for the first time, we are learning the meaning of personal responsibility, learning how to adjust ourselves to new surroundings and to those with whom we come in daily contact. I am bound to say that the men and women of today who cannot thus adjust themselves face a very unsympathetic world indeed.

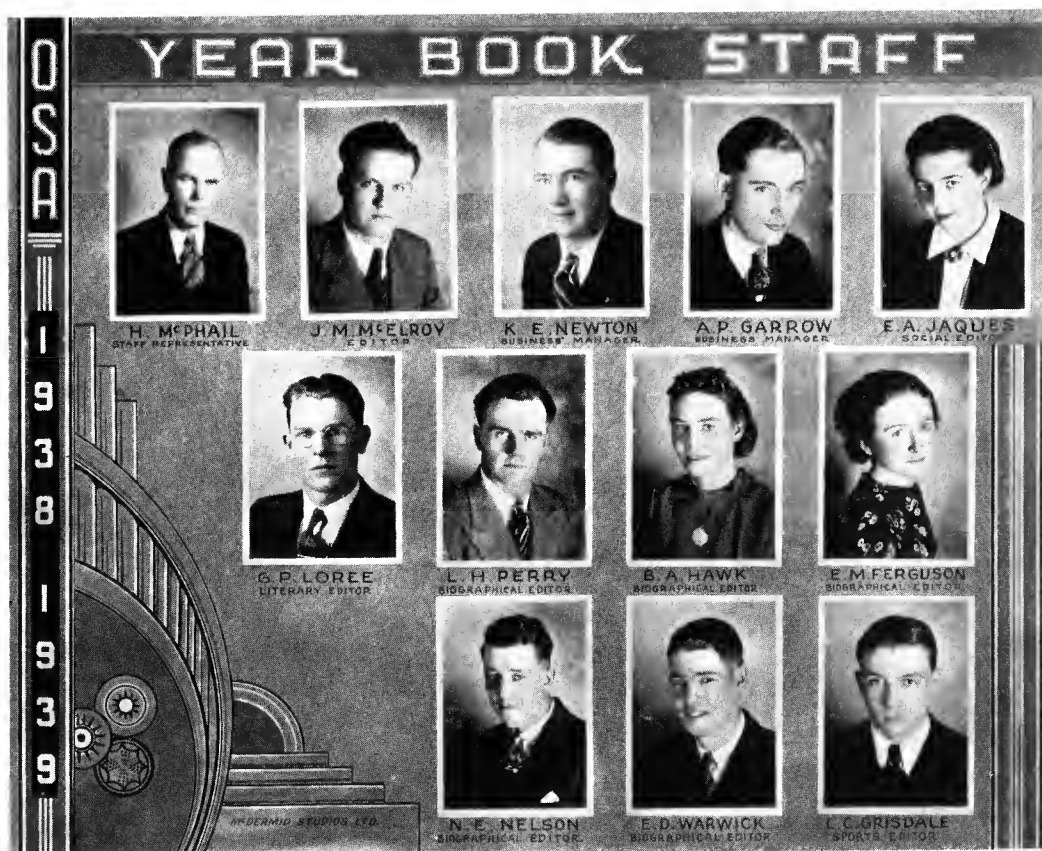

We are all making new friends and I hope that the acquiring of each new friend may give us a truer understanding of the word friendship, whether of neighbors or of nations.

I trust that these few months have given to all a clearer vision of the type of work to which we are naturally adapted and in which we will find satisfaction throughout life. If such is the case then we need not be another of life's tragedies, struggling along, day after day, at a task which becomes increasingly more hateful.

To all of these I hope you can join with me in the realization that real pleasure and satisfaction in life can come with the completion of a task well done, a lesson well learned, or a race well run.

J. MORTON MCELROY.

IN PRESENTING the 1939 edition of "Echoes", the year book staff offer you what we hope is a worthy recording of that part of our lives spent as students at the O. S. A. We have tried to make this record as complete as possible with the hope that in the days and years to come, the turning of each page will refresh memories of old friends and of happy incidents.

For its inadequacies we ask your forgiveness.

To each and every one who has contributed in any way to the success of this book, we extend our sincere thanks.

We do not hesitate to acknowledge our debt to former year book staffs. We have tried to add to your changes with improvements and changes of our own. We have used pictures freely to bring you vivid memories of campus life and have resorted to a few of nature's masterpieces to provide an artistic touch for an everyday background. To future Year Book Staffs we wish success and hope that you may profit by our mistakes.

IN APPRECIATION

TO the members of the faculty and staff, for their untiring interest and assistance in every branch of our school and social life, the Year Book Staff welcome this opportunity, on behalf of the whole student body, to say

"WE THANK YOU"

Valedictory

IT IS only at this time of parting that we begin to realize the value of this institution and the courses it offers, and I'm sure that we shall realize it more and more after we get to our scattered homes. The things of infinite value that we have gotten here cannot, I'm sure, be all enumerated by even the most able writer. One thing that we have received a lesson in, that is almost as valuable as anything else we could possibly get anywhere, is how to live with each other. Through the guidance of our instructors, through our athletic activities, our social contacts, through our participation in debates and discussion groups and through life on the campus as a whole we have learned to respect each other's opinions, and to realize that even the most meek and mild may have ideas that are a lot better than our own. During our stay here we have gained experience in many things we did not think of when we came, some have developed executive ability, many have become good speakers and debaters, others have gained poise and self assurance at our literary meetings and in the plays.

With all this we have at least been exposed to the rudiments of farming and housekeeping, and have come to realize how little we knew about it all when we came and how much there is yet to learn, for it is really a small amount of knowledge that we have gained in comparison to what we can yet acquire by our own experience and by further reading about our chosen life.

For many of us this will be the last of our actual schooling and the last chance we will have at mass comradeships like we have had here. For others this is merely a stepping stone to higher education, but I doubt if any can find a place where they will prosper more for the time spent than we have here.

Most of us will probably settle down on a farm in one part or another of our fair province, and spend a contented life making a living for our family; but let us hope that there will be one or two in our midst who will gain fame and fortune in the world, that there will be one or two who will not only be looked up to by us, but by our neighbors as well. It will make us proud to think that we knew these people and that we might have in some way helped them on their way while they were at this college.

To the Principal and staff of this school we of the graduating class owe a debt that cannot be paid in silver and gold—it is a debt that I'm sure we never will repay. During our stay here they have given us many things that they didn't need to. They have all spent many of their prized leisure hours with us, when we did not at the time seem to appreciate it; they have coached our sports, directed our plays and literaries, chaperoned our dances, guided us in our college activities and helped us with our individual problems. They have never asked or expected any special recognition for this service, but what would the school be like without it? To them we offer a humble "Thank you."

In valediction let us remember the motto of the O. S. A—Opportunity, Service and Advancement, and say with Thomas Guthrie:

*"I live for those who love me,
For those who know me true,
For the heaven that bends above me,
And the good that I can do;
For the wrong that needs resistance,
For the cause that lacks assistance,
For the future in the distance,
And the good that I can do."*

LLOYD C. GRIDDALE.

TWO-IN-ONE GRADUATES

Success lies, not in achieving what you aim at, but in aiming at what you ought to achieve, and pressing forward, sure of achievement here, if not here, hereafter.

R. F. HORTON.

CECIL ANDERSON—Kathryn.

"I like work; it fascinates me. I can sit and look at it for hours. I love to keep it by me; the idea of getting rid of it nearly breaks my heart."

First disturbed the good people of Kathryn on September 8th, 1919. He completed his High School in Kathryn, and took a course in Diesel Engineering in Calgary 1936-37-38. Not satisfied with his accumulated knowledge he came to O. S. A. to take the Two-in-One course and is a keen competitor for the top ranks.

Ambition—Not to miss a single hockey game all winter.

Greatest Difficulty—Tearing himself away from the second floor poker sessions.

EVA MAY CASKEY—Lanfine.

"Good things are done up in small packages."

Eva first opened her eyes to the light of this world on May 13th, 1918. Throughout the year she has made many of our Literary programs a success by her piano solos.

Pastime—Playing the piano.

Pet Saying—"Gosh, I don't know."

WALTER ANDERSON—Kathryn.

*"Why take life too seriously?
You never get out of it alive."*

Walter first cast his shadow on May 30th, 1920, at Kathryn, Alberta. His shadow grew steadily larger and larger while he attended Public and High School in Kathryn. By the time he arrived at O. S. A. to take the Two-in-One course he was the possessor of the largest shadow in the whole class and also, we must not fail to mention, one of the most brilliant intellects and good-humored natures.

Familiar Characteristic—Adept at getting the highest mark possible with the least work possible.

Favorite Saying—"Got any smokes?"

ARNOLD VON ARX—Millet.

*"In thy heart the dew of youth,
On thy lips the smile of truth."*

First smiled at the world in Millet on March 2nd, 1921. Completed his High School in Millet and then came to the O. S. A., where he is acknowledged as having the most pleasant smile in the whole class. He is a rabid sports fan if there ever was one.

Pet Aversion—Too much noise in the second floor on Sunday mornings.

Greatest Difficulty—Fighting off the girls.

GERDA LAURENZA COSTELLA—Standard.

*"Fond of laughter and plenty of noise,
Best of all attracting the boys."*

Gerda was born in Copenhagen, Denmark, October 6th, 1920, and came to Standard at the ripe age of six. Her chief ambition so far is to make a good wife for the lucky man at Standard.

Favorite Saying—"Oh, fat!"

Pastime—Finger-waving hair during study period.

ORMUS ANTHONY (TONY) BATES—Cardston.

*"Rare compound of oddity, frolic and fun,
Who relished a joke and rejoiced in a pun."*

The original of this portrait appeared at Cardston on October 24th, 1920. He appreciates good music and practices singing and whistling in the corridors. His dry, penetrating wit has helped to drive the gloom away from many a careworn face.

Hobby—Photography, and he obtains plenty of material to work on.

Pastime—Boxing.

Ambition—To grow a mustache.

Favorite Saying—"Ye Gads."

MARGARET JEAN CRAIG—Olds.

Craigy, this blande half-pint, first opened her blue eyes to the beautiful town of Olds on March 25th, 1919. We all know her as a real friend, a good sport, and lots of fun.

Ambition—To be a nurse.

Favorite Saying—"Oh, phaaey!"

Pastime—Attending O. S. A.

DONALD DITZLER—Clive.

"What'ere he did was done with so much ease."

Don comes from Clive, where he first started looking at the fairer sex in 1919. He is a star guard on the basketball team and is also the possessor of good voice. One of his great pleasures is to relax during the study hour so that he may work long after the "lights out" bell has rung.

Favorite Saying—"Oh, boy! Did I see a classy girl last night!"

Ambition—Tomorrow night.

Hobby—Leatherwork.

LLOYD GREENLEE—Botha.

*Can be found hard at it, any time of day.
He's here to work and not to play;*

Lloyd hails from Botha, embarking on his ship of fate in the turbulent year of 1914. Lloyd excels in Botany Drawing especially, and he also finds re-writing of all notes a most profitable way of disposing of his leisure hours. His greatest bugbear is Blacksmithing, but Lloyd is in general a high bidder for the top ranks.

Pastime—Looking after Lloyd Lohr when he is in his playful moods.

Ambition—To settle down on a farm near Stettler—his idea of a Utopian substitute.

RUTH LOUISE FALCONER—Youngstown.

She first opened her mischievous brown eyes on October 29th, 1921, in the district of Big Stone. It is Ruth's chief ambition to graduate from the O. S. A. with honors. We wish you luck, Ruth, and hope you do.

Favorite Saying—"What is that thing-a-ma-gob "

Pastime—Talking out the window to Gerda.

LLOYD GRISDALE—Olds.

*"Work and worry have killed many men,
So why should I take the chance?"*

"Gus" is a local boy who made good on the O. S. A. campus. He is noted for his ability in Athletics and is a star on the track as well as on the dance floor. However, it is as a practical joker that he really excels. He is the Two-in-One Athletic representative of the first term and President of the student body during the latter part of the term; in fact, a great contributor to all forms of school activities.

Pastime—Talking to Mr. McLellan in Blacksmithing.

Probable Destiny—Drug store clerk.

MARION GERTRUDE FRANCIS—Acadia Valley.

Marion raised her first commotion at Acadia Valley on January 8th, 1918. She has attended school in Minneapolis, Acadia Valley and Sibbald, besides taking one year of Business College in Saskatoon. Upon deciding to further her education she came to O. S. A. last fall.

Weakness—Coming late to classes.

Favorite Saying—"Don't rush me."

Ambition—To return to business college.

WILLIAM HEDLIN—Brooks.

"Knowledge comes but wisdom lingers . . ."

And Bill seems to be here to turn knowledge into wisdom. He is a steady, determined worker with an appreciation for good literature. He likes a good argument and it takes a good man to talk him down. His kindly humorous nature makes him a well-liked inhabitant of the second floor of the dorm.

Ambition—Meet a girl who will stay contradicted.

Favorite Saying—"Patriotism is the last resort of a scoundrel."

BERYL ADELAIDE HAWK—Parkland.

Beryl made her momentous first appearance at Parkland on December 17th, 1919. She is a hard-working, ambitious maiden, a credit to the Two-in-One class scholastically, and an ace basketball player.

Pastime—Tommy and dancing.

Ambition—Beryl denies having ambitions, but we wonder. Good luck, Beryl, and may Dame Fortune smile kindly on you.

HOWARD HICKEN—New Dayton.

*"I have a laugh, Oh! what a laugh,
It rings the world around."*

A blonde terror from Raymond who was first seen in 1919. He is the star centre of the basketball team and our best Two-in-One volleyball supporter. His size, strength and ability gives him a masterful air over in the girls' dorm. His laugh, which is as big as himself, is heard all over the residence, especially during study hours. His easy-going disposition stabilizes the Todd-Hicken team.

Pastime—Cutting hair before Friday night dances.

VELMA LOUISE JARDY—Thorhild.

This quiet young lass made her advent into the world in Edmonton on June 23rd, 1921. Shortly after her arrival her parents moved her from the noisy city to the quiet country town of Thorhild. Velma is fond of all outdoor sports and her favorite pastime is reading movie magazines. She says she has no ambition as yet. Her weakness is hogging the bed clothes. Pet Saying—"Oh, nuts!"

LYLE KOCHER—Clive.

"He lives at peace with all mankind."

Comes from Clive and brings with him an interest in hockey and baseball. He is a good housekeeper, we hear, and consequently doesn't bother much about girls. More than willing to take part in any fun that goes on in the dorm.

Ambition—To know all the churches and choir members in town.

Greatest Difficulty—Arousing the enthusiasm of the Two-in-One boys to play in inter-class hockey.

KATHLEEN JOAN KEEN—Olds.

Kathleen first braved the light of day on February 3rd, 1920. She is one of the many red-heads attending the O. S. A. After completing the Twelfth Grade at the Olds High School she decided to attend the College and see just what it was that drew so many others there.

Favorite Saying—"Oh, you dumb thing!"

Ambition—To take a business course.

Pastime—Riding horseback.

LLOYD LOHR—Erskine.

"To plow and sow—to reap and mow."

Born in Stettler, July 9th, 1921, but has spent most of his life on a farm south of Erskine with the exception of three years when he attended High School in Stettler. Claims he came to O. S. A. to gain knowledge in all fields of Agriculture but his real reason was to become better acquainted with Percheron horses. As he is the youngest member of the Two-in-One class he needs watching over at intervals when he succumbs to his playful tendencies.

Favorite Pastimes—Currying colts and strumming a guitar.

Ambition—To raise good Percherons, and we know he'll do it.

HAZEL KATHARINE KIENHOLZ—Woolford.

Hazel first opened her peekers at Cardston on December 19th, 1920. She received her education at Cardston and spent one year in Sacramento, California. Hazel is always full of fun and keeps the girls' dorm lively.

Hobby—Being a jitterbug.

Ambition—To learn to skate.

Favorite Saying—"Oh, you droop!"

Nickname—Toddler.

GEORGE LOREE—Nanton.

*Who came here to study? I came for a rest;
I just cram it up and hope for the best.*

Another Nanton boy who began life in 1917. George, our local confectionery dealer, likes to drive a fast bargain—one-sided, of course. He is an active participant in all forms of school activities, one of our crack hockey players, and was class president during the first term. George, like his father, is a lover of good Percheron horses and Short-horn cattle. He believes in a partnership form of business and intends to settle down to happy married life and raise Percheron horses.

GENNEVIEVE MARGARET LAING—Claresholm.

Gennevie was born in Carman, Manitoba, March 7th, 1920. She has since lived in Claresholm where she received her public and high school education. Her charming personality has won her the friendship of all the students.

Favorite Saying—"But I want to know."

Ambition—To be a nurse.

GERALD LOREE—Nanton.

*"The light that lies in a woman's eyes,
It lies, and lies, and lies."*

First began making a commotion around Nanton in 1920, but is this winter making a nuisance of himself in Olds. Gerald has done a great deal in promoting the social and literary life of the school and is also an ardent sports fan. He is definitely at O. S. A. to increase his knowledge and it is his secret ambition to obtain all the government bulletins ever printed. On returning to the farm he intends to put in practice much of his increased knowledge of farming practices.

HELEN VIOLA MOSESON—Wetaskiwin.

Masey first opened her beautiful eyes to this world on March 30th, 1917, in the Wetaskiwin district where she has since resided and where she received the greater part of her education. Helen is proud of the record of being the tallest girl in the school by half an inch.

Pastime—Knitting and sewing.

Hobby—Sketching clothes designs.

Ambition—To become a professional dress designer.

Weakness—Sympathizing with herself.

MORTON McELROY—Calgary.

Believes *"Success is not given to those who shirk;
So, to get up in the world, get down to work."*

Began his career 24 years ago on a farm east of Calgary where today his great interest still lies. Mac has done more than his share of participating in school activities; class president for latter part of the term, President of Economics Discussion Group, and Editor of the Year Book. He attained top honors at the Field Day Meet and has duplicated this high standard in his studies. Incidentally he thinks 85 is the flunk mark. Mac, we believe, is University bound, and we wish him every success.

Pet Aversion—Idleness.

KATHLEEN McBAIN—Cremana.

Kitty was born at Cremana and has lived there ever since. She is a quiet, hard-working gal and hopes to be a school teacher some day. She has a desire to travel and hopes to spend her honeymoon in Scotland.

Weakness—Getting up early and going skating before breakfast.

DAVID NELSON—Cluny.

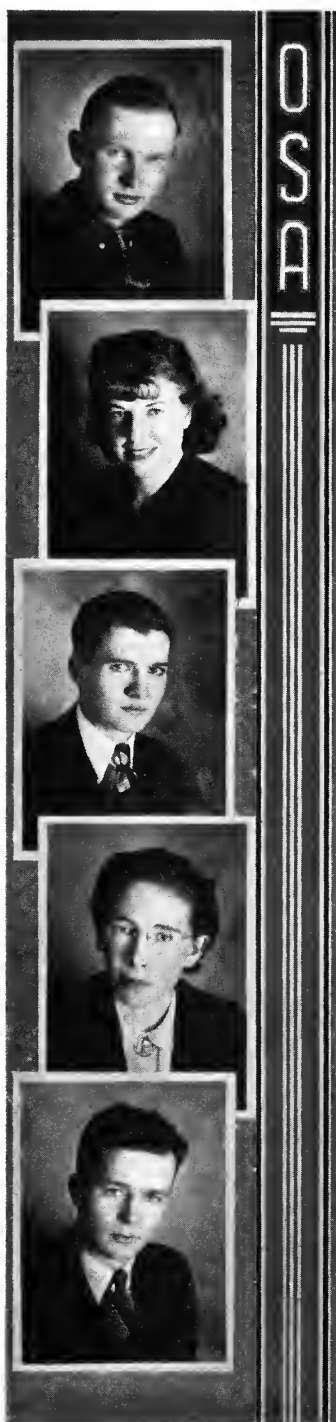

*"Oh, sleep it is a gentle thing,
Beloved from pole to pole."*

Dave was born in Calgary in 1920 but later moved to Cluny and has since lived there on a farm. From here he hopes to go to Varsity and later it is his ambition to become the manager and treasurer of a successful farm. At home he is fond of hunting rabbits; while at O. S. A. his chief sport is hunting deers in the north wing.

VIOLET JANE MITCHELL—Manitar.

The stark blew in to Manitar with wee Violet, in the midst of a terrible wind on April 21st, 1918. After completing Grade Eleven Violet went to board in the dorm in Big Valley. She came to the O. S. A. in search of something to do and found it. A quiet, studious lass is Violet. Her ambition is to be a nurse, and we wish her every success.

BRIAN OBEE—Topland.

*"I had rather have a fool to make me merry than
experience to make me sad."*

Brian burst upon a startled world on March 27th, 1921, at Langham, Saskatchewan. He attended Garneau Public School in Edmonton, Balmoral and Crescent Heights High School in Calgary, and Eastwood High School in Edmonton, and apparently learned a great deal at each of them but not all entirely about schoolwork.

Favorite Pastime—To sit and think.

Favorite Saying—"Let's get our hats and go home."

Ambition—To operate a creamery.

HELEN ELIZABETH ANN PATTERSON—Riondel, B. C.

Pat broke her cradle bars on August 29th, 1918, at Condor. Not being satisfied there, she moved to Red Deer and after a fast, hard struggle completed Grade Nine. Then she picked up bag and baggage and trotted off to Claresholm, where she completed Grade Twelve. Now she has joined the tall pines in Riondel, B. C.

Ambition—To be a journalist.

Hobby—Snacking in cooking class.

HARRY PATCHING—Lethbridge.

*"Always reliable, always kind,
As good a friend as you will find."*

Harry was born at Vancouver in 1920 but has since spent most of his time on a farm south-east of Lethbridge. It is his ambition to become a white-collar farmer, probably because of his liking for neckties. He is fond of sports, girls and flipping pudding—we wonder what the connection is. Harry is a star guard on the school basketball team, a good hockey player and he is also a member of the Two-in-One quartette.

JUDITH MARIE REE—Bentley.

*"Her open eyes desire the truth,
The wisdom of a thousand years
Is in them."*

Judy was born at Jackson, Minnesota, July 12th, 1919. From there she moved to Bentley. She spent two years in Camrose to complete her high school education. Judy is a swell basketball player and the Two-in-One's prize debator. Her ambition is to be a governess on the Queen Mary.

Favorite Saying—"Now where's my wife?"

TOM PERCIVAL—Edmonton.

*"What is pomp, rule, reign but earth and dust,
And live how we can, yet die we must."*

Tom is an Edmontonian who came south to spend the winter. He is dark, slim and handsome; has a great liking for lingering in the girls' dorm a little overtime. We suspect—so that kindly matron will escort him out. Percival received his education in Edmonton prior to his present O. S. A. visit and intends to undertake farming operations in the near future.

Greatest Difficulty—Getting to classes on time.

DORIS EDNA SMITH—Picardville.

Doris was born at Vimy on August 13th, 1921, and moved to Picardville in 1925. She throws a mean blush and plays a swell game of badminton.

Weakness—Farmers and a certain second year boy.

Pet Saying—"Oh, shucks!"

Pastime—Sitting in front of the post office.

LIONEL PERRY—Balzac.

"The good die young; here's hoping you live to a ripe old age."

Lionel has seen 22 years come and go. He attended High School at Crescent Heights in Calgary and came this fall to O. S. A. on a scholarship from the Grain Clubs. He has taken a prize at the Chicago Fair and it is his hope to some day bring home the Wheat King title.

Hobby—Defending the Empire.

Weakness—Occupying Greenlee's bed immediately after meals.

Favorite Saying—"All right! Play around and get hurt."

FERN ISABEL SPENCER—Parkland.

Fern first cheered the world February, 1919, at Parkland, where she also received her education.

Happy-ga-lucky,
Dark and tall,
Full of fun
And a friend to all.

Pastime—Visiting.

Ambition—Ta make the best of life.

TED RIPPON—Caranada.

"Mingle your cares with pleasures now and then."

The merry manth of May was made merrier in 1920 by the advent of this quiet-spoken bay from the north. Ted was born at Sturgeonville and received his education at Cloverdale Public School and St. Eugene High School. He came to O. S. A. to enrich his store of wisdom and learn the way to become a master farmer.

Favorite Pastime—Starting tractors while Mr. Parkinson holds farth on binders to the rest of the class.

MARY STRINGAM—Lethbridge.

Ham was born in Cardston on July 24, 1921, and spent most of her life in Glenwood. Mary was blessed with too much energy and spends her spare time dumping beds or else rolling her eyes at the boys. Some day she hapes to become a dietitian. Keep up the jolly spirit, Mary, and we are sure you will ga far in your ambition.

O S A

JOHN SINCLAIR—Delia.

*"Jolly and forever smiling,
Others to help he's always willing."*

John's home is at Delia where he was born on November 27th, 1917. He graduated from High School at his home town and come to O. S. A. to put a finishing touch to his education. His ambition is to operate a farm of his own in the near future. John is a diligent worker and we know he will succeed at whatever walk in life he chooses.

Pastime—Curling.

Motto—"Smile, and you can't go wrong."

DELTA KATHLEEN WILLMA SUTTON—St. Lina.

Willma was born on February 3rd, 1918, in St. Paul, Alberta. From there she moved to St. Lina, where she received her education. Willma is always pleasant and willing to help out, which has won her many friends at the O. S. A.

TRYGVE SKRETTING—Enchant.

"Love sought is good, but given unsought is better."

Tryg's home is at Enchant but he originally came from Vorhau, Norway, and has up to date 19 years to his credit. His people lived in Bow City and Lacombe before settling at his present home.

Pet Diversion—Girls and Blacksmithing.

Ambition—To become a family man and to learn to play a violin. At present the latter ambition seems rather hopeless as one can often hear the unfortunate instrument shrieking for the mercy it never gets.

OLIVE TAYLOR—Woolford.

Olive, better known as Pee Wee, was born at Woolford on November 6th, 1920. She received part of her education at Pershing School and spent one year at Cardston. Although Olive is the smallest member of the Jitter Bug Club, she is always jolly and full of pep.

Weakness—Going to shows on week nights.

Pastime—Answering the phone.

Ambition—To keep the room tidy.

KENNETH SMITH—Nanton.

*"Cool, unperturbed by stress or worry,
Will sometimes work but never hurry."*

A product of Nanton High School from which he graduated in 1936. Since coming to O. S. A. Ken has increased both his knowledge and waistline. He is 21 years old, finds school work mere child's play; hasn't loved yet, but what a fall there will be when he does succumb to feminine charms!

Password—"Come on, boys! Let's play shinny."

Greatest Difficulty—Getting McElroy to go to bed.

HAZEL VOGEL—Carstairs.

Voncouver is the birthplace of this curly-haired girl but she has resided in Alberta since leaving the cradle. Hazel is a good student and should find success in her future undertakings. She cloims that her only ambition is to gain weight—we wonder. And they soy she has just one bad hobit and that is forgetting to take her cod liver oil. You will never attain your ombition thot way, Hozel.

IAN SMYTHE—Craigmyle.

"Here is a dear and true industrious friend."

Ian is a man from Craigmyle—free, white and 21. He belongs to the strong, silent, studious tyoe which find themselves much in the minority. Icn may be found ony morning about 8:30 as the sole inhabitant of o classroom—cbsessed in studies. He is on enthusiastic supporter of inter-class hockey, doing his oart for the Two-in-One's. On completion of his course of Olds he intends to carry on like fother, farming and raising Angus cattle.

"He profits most who serves best."

This tall, handsome, quiet second year lad came into the world in Calgary on August 26th, 1920. John stands well in his class work and is well liked by all. He came to the O. S. A. in the fall of 1937 to further his education.

Pastime—Reading.

Ambition—To be a successful farmer.

Pet Aversion—Women.

KEITH E. SNOXELL—Lyalta.

Keith says: "I love to be alone. I never found the companion that was so companionable as the one I am referring to."

Keith is a tall, blue-eyed sophomore, born in Calgary on September 18th, 1919. He received his public school education at Lyalta, 28 miles northeast of Calgary. He is a hard-working chap, and is well liked by all the students.

Favorite Saying—"I wish I knew you better."

OSCAR SPRINGER—Hilda.

Oscar ventured a long way before he finally took up residence in Alberta. He was born at Odessa, Russia (a city on the north shore of the Black Sea), on May 18th, 1918. In search of a new locality he came to Hilda, Alberta, in 1926. After attaining his public and high school education, he engulfed on the two-year course at the O. S. A. in 1937. Oscar's future is a dark secret but may he ride with the rising tide.

HENRY B. STELFOX—Rocky Mountain House.

*"He loves his studies and his fun,
Really, though, he's a son-of-a-gun."*

Henry started shining on July 31st, 1919, at Spring Valley, where he lived until 1923. He then moved with his parents to Rocky Mountain House, where he received his education prior to coming to the O. S. A. Buck came to the O. S. A. in 1937 to further his knowledge of agriculture and to brighten the lives of all his fellow students. He is a brilliant scholar and we know he will go places after he graduates from the O. S. A.

ALFRED W. SWAINSON—Red Deer.

*"Driving, striving, out on top,
In his studies, he'll never flop.
Working hard and playing too,
In life's race he will win through."*

Drew his first breath in Red Deer on April 17th, 1920. He lived and received his education prior to coming to the O. S. A. in the Red Deer vicinity. This good-natured fellow has won himself many friends and the respect of all who know him.

But where she is going nobody knows.

ROSEWITHA WAGNER—Wimbarn.

Reeta is a pol so true,
Ask the girls and Chudleigh too.

SCHOOL FAIRS

AN IMPORTANT extension service carried on from the School of Agriculture at Olds is that of School Fairs.

With the co-operation of the Department of Education children's fairs are held at which pupils from a group of schools exhibit vegetables, flowers, grains, livestock, poultry, manual training, cooking and sewing as well as the art work, maps, construction work, et., which have been done during the school term. Suitable prizes are awarded and in addition to the educational benefits derived, the pupils take much enjoyment in the preparation of exhibits and the pleasant surprises which are theirs on Fair Day.

Fifty-nine fairs were held from Olds last September. Three circuits were formed for judging, the crews being made up as follows: Mr. Benn, Mr. Parkinson and Miss McIntyre; Mr. Malyon and Miss McCaig; and Mr. Holeyton and Miss Gordon. School Inspectors and District Agriculturists assisted in the judging at the various fairs. Two scholarships are awarded at each fair which entitles the winners to attend a Short Course at the O. S. A. in July.

Many of the students now attending the O. S. A. have previously participated in school fairs in their home communities, and some of them have been scholarship winners. No doubt their school fair experience is at least in part a reason why they are now at the O. S. A.

School fairs are gaining in popularity and the work offers a big field of service in helping the young people to take an active interest in the practical things about the farm and home.

Students of the O. S. A. would do well to inform themselves regarding this work while at school and on returning to their homes will find opportunity to render service in their local organization.

ALBERTA SCHOOL OF COMMUNITY LIFE

THE second annual Alberta School of Community Life, held at the Olds School of Agriculture from June 28th to July 13th, 1938, was marked by a degree of enthusiasm on the part of a very representative group of adults that augurs well for the future of this kind of adult education program in Alberta.

The Alberta School of Community Life was offered as a modest attempt to provide a brief opportunity for continued education for those people of adult years who wished to take advantage of it. It made no pretense at giving any course in detail but rather the intent was to give a bird's eye view of a number of related problems in human affairs and to provoke the maximum amount of interest and discussion on those topics.

In almost every course the questions and discussions following the lectures were vigorous and stimulating and each lecturer was provided with the incentive that can only come from dealing with minds keenly alive to the need of an understanding of the social forces at work in the community. A spirit of enthusiasm and friendliness, coupled with an attitude of mental alertness, were the outstanding characteristics of the school.

As was the case in the previous year, the student body came from widely separated points in Alberta. Thus it will be seen that the school had made an appeal to a very good and widely dispersed cross-section of the Alberta people. It shows too that people irrespective of vocation, age and location are interested in continuing their education if the opportunity can be provided at a time and at a cost that is within their means. It was agreed by all who attended the first school and who attended the second school as well that the 1938 school was a decided improvement over the first and that it succeeded to a high degree in developing a spirit and community of interests and a measure of participation in all phases of the school life and activity which left little to be desired. At the same time there is no reason why the attendance should not be materially increased another year, and every effort should be made to make the school and what it is attempting to do, known to everyone in the province.

DONALD CAMERON, *Director.*

UNIVERSITY WEEK FOR FARM YOUNG PEOPLE

THIS short course in agriculture and economics is held each year, usually during the the second week in June, on the campus of the University of Alberta.

There is instruction and competitions in stock and grain judging, cooking, sewing, public speaking and many other subjects. Valuable cash prizes are offered in most classes.

It provides both an educative and interesting holiday for many young people each year. For information, write to Department of Extension, University of Alberta, Edmonton.

THE SEED FAIR

THE fourteenth annual Seed Fair held at the school on January 3rd, 1939, clearly indicated the trend of agriculture at present. With quality the keynote in agriculture and more specifically so in seed production, the exhibits at the Fair this year reached a standard never before attained.

Held under the auspices of the Boys' Experimental Union, the Fairs date back to 1924, and in the immediate years following when Alberta reached world fame for its achievements at the large seed fairs. The fair at the O. S.A. grew till it became second only to the Provincial Fair. At one time or another practically all of the well-known exhibitors have shown at our fair. A number of ex-students got their start and won their first prize money at the O. S.A. Among others, the Rasmuson brothers of Wetaskiwin and Dan Bolt of Olds have been consistent winners for a number of years. Both of these, however, were absent this year, but that was offset by others who showed for the first time. Ellen Linden Gwynne, a graduate from the O. S.A. and daughter of the "Wheat and Barley King" at the Royal Winter Fair, Toronto, featured an exhibit of beautiful Reward wheat. In keen competition, however, her sample placed second to that of G. T. Brown of Vauxhall.

Mr. Brown has been a regular exhibitor for a number of years, and was well to the front again this time, winning first in the classes for Hard Spring Milling Wheat, Six Rowed Barley, Flint Corn, and Garden Peas, as well as being awarded the special prize for best sample of malting barley which was offered by the President of the Association, Mr. Leland Phillips of Carleton Place. Another ex-student, Lenard Cooper of Westward Ho, figured in the class for white oats. With a sample of Victory he won first place by a narrow margin over a sample of the same kind shown by Henry Sorensen of Olds. Both these samples tipped the scales at 43 pounds per bushel.

Possibly the feature of the show was the excellent samples of grasses and clover seeds exhibited by the School of Agriculture, Olds. From the viewpoint of crop production, the past season was one of the most unfavorable ever experienced in the history of the school. Hail and drought practically destroyed the cereal crops, therefore the winning of five first places with seeds in the forage crop division shows the possibility in this field. The seeds which took first prizes were "Siberian Red," a very hardy strain of red clover developed at the O. S.A.; "Erector," a hardy strain of sweet clover originated at Brandon, "Fyra," a leafy strain of Western Rye grass coming from the U. of A.; "Gloria," a strain of timothy promoted by the O. S.A. for a number of years, but originated at Svalof, Sweden; and Creeping Red Fescue, a hay and pasture grass introduced from Central Europe by the Dominion Seed Branch seven years ago, the production of which has been fostered by the O. S.A. and which have done exceedingly well for some growers in Central Alberta.

In number of entries, potatoes, the world's most important crop, predominated, and some excellent seed stock was shown. In the class for early varieties, a sample of Early Ohio grown at the O. S.A. beat a number of entries of the Warba type. In the medium or main crop class, Dooleys, an old prize-winning variety grown at the O. S.A., was placed second to an unnamed variety produced by L. P. Ericksen of Westward Ho, who also captured first in the late variety with Kathodin. This variety predominated in that class.

Other winners at the fair worthy of mentioning were Andrew Anderson of Innisfail who took first with Crested Wheat grass and second with Creeping Red Fescue. C. W. Woodward, Irvine, got first money with semi-dent corn. A. M. Burka, Calgary, first with collection of vegetable seeds, and Stanley Madge, Calgary, second highest in the grain judging competitors. The last three are O. S.A. ex-students.

The annual meeting of the Experimental Union was held in connection with the fair. Practically the whole executive was re-elected for another year. Mr. Leland Phillips of Carleton Place is holding the office of President for the third consecutive term, with Mr. James Murray of Olds continuing as Secretary-Treasurer.

THE CLASS EXECUTIVE

THE duties of this body are not clearly defined. However, a certain amount of responsibility with regard to matters of interest to the student body falls within their jurisdiction.

For the most part, the members of the executive consider it a personal responsibility to assist the literary and social committees in the presenting of enjoyable lists and social activities.

This year a new office, that of President of the Student Body, was added, with Lloyd Grissole becoming the first President.

THE NIGHT WATCH

He hears a squeak, a muffled noise,
The late arrival of several boys.
From out the soft worm folds he jumps,
The deon hits the floor with an angry thump.
With a mighty rush he's through the door,
A leap and a bound to the second floor;
In the slippery hall he madly slides,
With a racing figure he collides;
They fall in a heap with a mighty crash,
Then up again and away they dash.
Along the still dark halls they race,
Hotter and hotter grows the chase.
Then up the stairs the culprit flies,
The deon on his heels with angry eyes;
Each third floor door is open wide,
The victim spies a place to hide.
Pyjamaed figures rush to the scene,
To offer their comrade a suitable screen.
Up tears the deon and glides to a stop,
A shout goes up, "Here is the cop!"
But alas, he wasn't as fast as he should have been,
The roscow no longer is to be seen.
With a weary sigh and a heavy tread
The deon returns to his lonely bed.

ORCHESTRA

Left to right—Mr. Ashcroft, Ernie Warwick, Mr. Wright, Mr. Holeton, Mr. Benn.

TO THE orchestra we extend our hearty thanks, for without it our dances and programs would have been sad affairs. Every Friday evening they faithfully turned up and supplied just the zest needed to those good old Friday night dances. The orchestra consists of the following members: Messrs. Holeton, Benn, Mead, Wright, Leonard, Ashcroft and Warwick. Once more we say, "Thanks a million."

GLEE CLUB

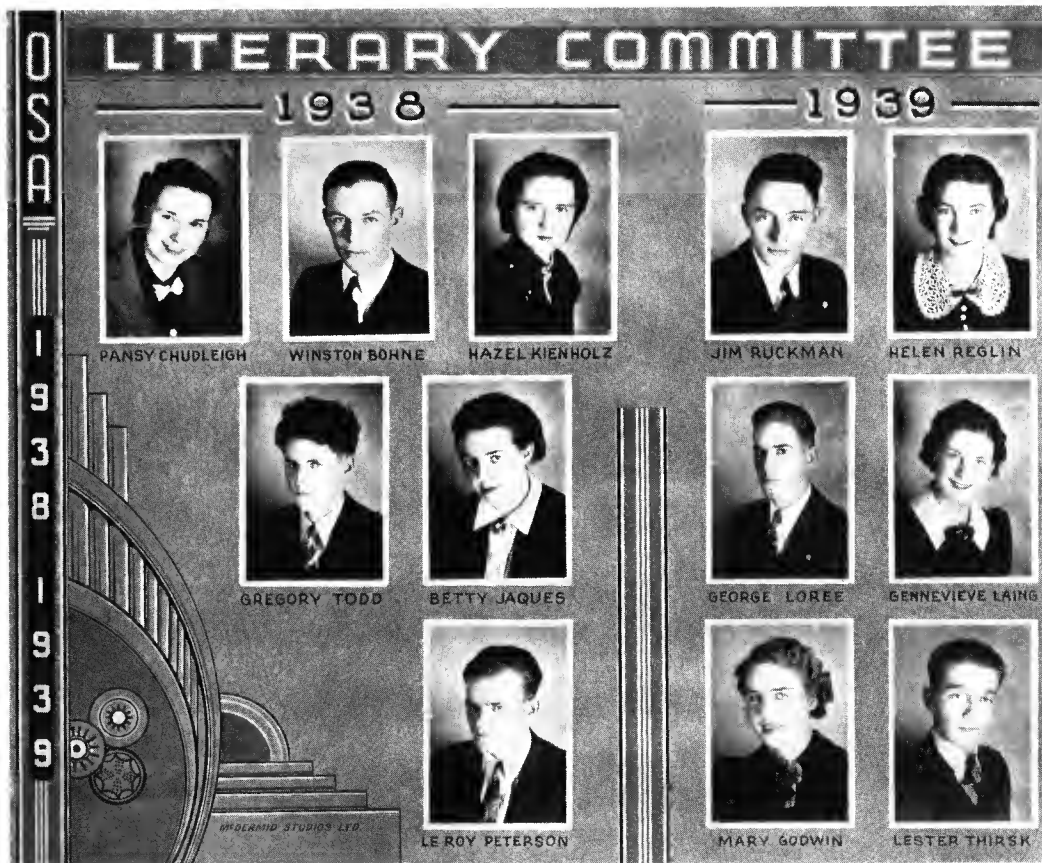

DURING our first week here, the Glee Club was reorganized once again under the direction of Mr. L. Wright, who has conducted the club for a good many years. We are sure that we have all learned a great deal under his capable direction.

Officers were elected as follows: President, Jenny Whiteford; Vice-President, Ethel Ferguson; Secretary-Treasurer, George Loree; Librarian, Norman Nelson.

We would like to extend our thanks to Mr. Benn, the staff representative, for his cooperation throughout the term; also to Dorcas Wilson and Esther Dunn, the assistant pianists.

SOCIAL

THE LITERARY SOCIETY

CO-OPERATION on the part of the students with the O. S. A. Literary Society provided an outlet for the students' self expression. The staff members, in every particular, rendered help and guidance by their invaluable suggestions. With co-operation and willing response by each class, many an evening of enjoyable entertainment was spent. Because of the united response, this year undoubtedly was a year of success for our Literary Society.

GERALD P. LOREE.

ECONOMICS DISCUSSION CLUB

A Discussion Club under the supervision of Mr. McPhail was organized early in the term. A number of vital problems including the Canada-United States Trade Agreements and Canada's obligations to Great Britain in the event of another war were presented by various members and proved interesting material for discussion.

First-hand impressions of the European situation were given by Miss McIntyre. Mr. Hodgins of the Olds High School led the discussion on the subject of propaganda and its relation to our modern civilization. These meetings proved of interest to many and we hope that succeeding classes will avail themselves of the opportunities that such a club offers.

DEBATING

The season opened when the second year class and two-in-one class debated on the interesting topic "Resolved that Fascism or Totalism is a suitable form of Government for a Democratic State." George Loree and Gregory Todd, affirmative, fought a losing battle to the second years, Clarence Copithorne and Richard Boulter.

The second debate, another on a very timely topic, "Resolved that Germany's colonies in Africa should be returned." Judith Ree and Eva Coskey of the two-in-one's were successful over the second year girls represented by Betty Joques and Blanche Poulsen.

The third debate of the season was the first debate in which the first year class took part. The first year boys, upholding the negative, defeated the first year girls on the resolution, "Resolved that the Hornby Plan of Immigration should be adopted."

The fourth debate was between the second year boys and two-in-one girls. The negative, represented by Willmo Sutton and Fern Spencer for the two-in-one's, debated diligently but unsuccessfully against Henry Stelfox and Norman Nelson on the topic, "Resolved that war can be settled by Pacifism."

The final debate on Friday, March 3rd, settled the question of, "Resolved that Poverty is a greater factor in the building of character than Wealth," in favor of the affirmative represented by the first year boys Herb Ross and Fred Saltvold. Jim Ruckman and Alex Garrow defended the negative.

We would like to make special mention of Judith Ree and Fred Saltvold for their excellent work in debating.

VISITING SPEAKERS

The O. S. A. was greatly honored by a visit paid to the college by the Premier of Alberta. Arriving at Olds in the afternoon of January 6th, he had first time to observe the grounds and buildings before he addressed the students in the dining-room at 6 p.m. Later in the evening he was principal speaker at the Olds Social Credit banquet held in the O. S. A. dining-room.

On the 9th of January, Mr. Fred Cooke, lecturer from the Department of Health, visited the school and gave three different health talks: one to the women, one to the men, the third lecture to the whole student body. The latter consisted of a talk on plant and animal life accompanied by many interesting moving pictures.

From the University of Alberta, Dean Howes brought a word of encouragement to the O. S. A. students. Dean Howes acted as one of the judges for the debate held at this time, Friday, January 17th, after which he gave a short account of his various reading material from his youth to the present time, and endeavored to show that although it is important to read good books, it is of greater importance to at least read something; for a thinking mind will soon be reaching for better material.

Beautifully colored lantern slides taken by W. J. Oliver of Calgary were shown by him on Tuesday, February 28th. The pictures were comprised of scenes taken on his recent trip from New York to Siam, West Africa and other interesting places visited on his journey.

On Friday, March 10th, Mrs. Cain of Lethbridge, formerly of the staff of the Claresholm School of Agriculture, lectured on Yugoslavia. The same evening Mr. Ralph Peacock contributed a number of vocal solos. Both Mrs. Cain and Mr. Peacock were very much enjoyed.

"THE SECONDLIE"

O. S. A. DRAMATICS

The dramatic talent of the college was on display the evening of Friday, February 24th, in the Arena Auditorium.

"The Second Lie," a tragedy, was presented by the Two-in-One class under the direction of Mr. H McPhail.

We find Martin Seton, a druggist by trade but a grouch and liar by nature, in ill health. As a matter of fact, Dr. Mason, the family doctor, has given him only one year more to live.

Martin's wife, Jane, who has been tricked into marrying him, is still in love with her former lover, the doctor.

Eddie, the druggist's assistant, finds his spare time and some of his employer's well spent in the company of Carrie, Martin's niece.

With business poor and with the thought of death nearby, Martin, with all his cunning and deceit, decides to commit suicide. But in so doing he plans to throw suspicion on his wife and thereby prevent any possibility of her marrying the doctor.

A capsule, specially prepared by Martin himself, is placed by Jane, at his request, along with the rest of his capsules. Jane in an effort to prevent him committing suicide changes the boxes of capsules, not knowing that they had previously been changed by Martin. Martin, of course, meets death as he had planned. Jane in her frantic anxiety is shielded by Dr. Mason, who attributes death to a long-expected heart attack. The inquiring presence of the town cop at this time adds an air of the small town.

Tragedy closes in during the last scene when the doctor, believing that Jane did have some part in Martin's death, finds himself unable to comfort her.

Cast—Martin Seton, Lloyd Grisdale; Jane Seton, Judith Ree; Eddie, Don Ditzler, Carrie, Gerda Castella; Dr. Mason, Morton McElroy, Constable Bucklev, Wm Hedlin.

The second play of the evening was a comedy, "The Tangled Web," presented by the first year class under the direction of Mr. C. Yauch.

Kate: "Have you never told a lie, Professor?"

Professor Doolittle: "No, never that I can recall, thank God! and please God I never shall! I cannot understand how you or anyone else can stoop to such a thing! It is despicable! You are old enough to know this, and yet you are a thief and a liar."

Thus Professor Doolittle condemns Kate Regan, the daughter of criminal parents, who has sought refuge in his apartment when pursued by police for stealing a diamond ring. Kate excuses herself on the grounds that she never had a chance to go straight.

Dan Fogarty, the detective, arrives at this critical time. The professor, now in sympathy with the girl, lies to the detective in order to shield her identity.

Elizabeth Wilcox, sister of the professor, makes an unexpected visit to her brother's apartment at this time. Elizabeth believes that her brother has been keeping company with this strange girl. However, Kate Regan explains to Elizabeth the kindness the professor had just rendered in protecting her. Elizabeth, on learning the truth of the situation, pays real tribute to her brother for his first display of genuine kindness.

Cast—Professor Horace Doolittle, Ernie Warwick; Kate Regan, Gladys Peterson; Dan Fogarty, Herb Ross, Elizabeth Willcox, Evelyn Miller.

The third and last play presented was a second year class production. Their play entitled "Highness" was directed by Mr. W. S. Benn.

The Russian Revolution broke up many homes and loved ones. Among the latter were two child sweethearts, Paul Orlav and Masha Petrovna. Paul, who as the result of injury had forgotten all his early life, is now engaged as an official to the state while Masha lives in seclusion as one of the few remaining members of the old aristocracy. Anna Boradin, a beautiful peasant girl, works as scrubwoman in the building in which Paul's office is located. Gregory Stroganov, a guard, brings a political prisoner before Paul Orlav. Questing reveals that it his long-sought playmate and sweetheart, Masha Petrovna. With his recognition of her comes back much of his forgotten childhood memories. Among Masha's confiscated jewelry is a locket containing a picture of her father. Anna Boradin also produces a picture of the same man, also her father, but her mother had been a peasant woman. Anna, seeing that the two young people are still very much in love, decides to help them escape. She gives Masha her passport and gives instructions as to the best road to take to escape from the country. Anna tricks Gregory into making the escape of the two lovers possible but sacrifices her life in doing so. However, she dies with some happiness in her heart, dressed in one of Masha's confiscated royal robes.

SOCIAL LIFE

UNDERNEATH the steady drone of work at the college runs the exciting whirl of social activities carried on by staff and students. We owe much to the social committees for their successful attempts to provide entertainment for the student body.

THE OPENING DANCE

The official opening of the 1938-39 term was the staff reception. We were greeted at the door by Mr. and Mrs. Murray, Miss Gordon, Mr. Mead, Mr. and Mrs. Sweeney and Mr. Ash, local M.P. This was a new event for the freshmen but one long looked forward to by the second years. Games and a quiz contest helped us become acquainted. Mr. Ash addressed the gathering and Mr. Sweeney presented the cups to the winners of the Field Day events. After this followed the dance which set the pace for all the Friday night dances to follow.

FRIDAY NIGHT DANCES

Who could forget those wonderful Friday nights with the dances and lit programs? In the coming years we will smile upon the carefree, hoppy days spent at the O. S. A. How well we remember that terrible 11:30 bell that sent us reluctantly to our rooms. However, when the rising bell rang the next morning we all felt that we couldn't have done with any less sleep. All the next week we had Friday night to look forward to.

CHRISTMAS DANCE

This very happy affair was started quite early in the evening by a short program, in which the Glee Club gave a few Christmas carols. It was especially eventful to those first and second year students of the previous year, who were presented with scholarships by Mr. Murray at this time. The dance swung into rhythm with great gusto, made more lively by the presence of a number of graduates and Varsity students. The examination-weary students of the O. S. A. welcomed this break and threw off all cares and worries for the few short hours before going home for a well-earned holiday.

MASQUERADE DANCE

We will all remember the exciting and rather hilarious masquerade dance held January 13th. There were costumes and characters from all parts of the world and history. Lloyd Grisdale as Uncle Sam, Svend Anderson as a handsome cowboy, Margaret Craig as a little old lady, and Ada Orme as a pirate, took the prizes for the fancy dress costumes. Joan Quelch as a clown, Harold Bateman as "Miss Bateman," Greg Todd as Farmer Brown, and Walter Stewart as a tramp, took the honors for comic costumes. There was very close competition and we only regret that more prizes could not have been given.

ALUMNI DANCE

We must congratulate the Alumni Association for this very colorful event. A ceiling of streamers of pastel shades enveloped the entire hall. Once again the graduates and Varsity students, with the present O. S. A. students, had a lively time dancing to the staff orchestra. This dance, generally held at the term opening after Christmas, was set ahead to January 27th, which seemed to be the more satisfactory because of the huge attendance. It lasted on into the morning and the revellers finished it off in fine style by pulling down the streamers. We are looking forward to the reunion dance next summer.

APARTMENT DAYS

Foremost among the memoirs of the Home Economics graduates will be their days in the practice kitchen. Here, for a very brief interlude, they transformed themselves from carefree, light-hearted students into dependable, full-fledged housekeepers and homemakers which, we suspect, is the dream of every girl. This bit of training, under the capable guidance of Miss McIntyre, should be a very good beginning. Keep it up, girls.

To the Editor

IF I am to continue residing in this worthy college, I simply must have some advice, and I am hoping that you, Sir, will be of some assistance to me in my sorrowful plight.

It is these unbalanced people who fall in love who are making life uncomfortably dangerous for me. Someone once wrote, "For a man to be in love is for him to grossly exaggerate the difference between one woman and all the rest." However, I am sure that this is not the only hallucination from which he suffers.

The extremely unfortunate creature in question is temporarily stunned by his fall into love and will never regain his former good sense. But instead of being completely out of his mind, however, he totters about in a daze (not unlike a horse that has just partaken of a juicy morsel of loco weed) to be led hither and thither by the object of his affections.

Although it is quite apparent to the onlookers that the poor fellow is hopelessly entangled, no amount of argument can make him see the same. He honestly believes that his "lady love" is immensely superior in mind and beauty to the rest of her sex. If you disagree, ten to one you will find yourself prostrated on the ground with a nose which is rapidly increasing in volume. If you agree, he looks at you suspiciously and tells you to "hold your horses, or . . ." At this time it is very wise to make yourself scarce.

Recently I have seen many poor fellows in this hopeless state of being, notable examples of these "shipwrecked souls" being Greg Todd and Messrs. Loree.

It is here that we run into the most interesting symptom of this mysterious disease. Why is it that such sane, sensible individuals as the above mentioned men, whose judgment on other subjects is so far above the average, become so permanently and hopelessly deranged on the subject of love? If you can answer this question, Mr. Editor, my mind will be greatly eased. As for myself, I am convinced that they ought to be locked up because their "dilemma of delusions" has become a menace to the public.

The other day I innocently dropped a remark concerning their immediate heartaches, saying, "They seem quite ordinary young women to me." Well! upon my soul, if I hadn't been near the door, I am sure that this letter would never have been written.

Well, I learned my lesson and decided that for the sake of safety it was wiser never to make such a remark again.

Now, Mr. Editor, I ask you, surely normal people could never act like that? It must be some mania. What do you suggest as the best remedy, or are you of the same opinion as myself, believing that they will eventually go violently insane?

Yours,

BILL.

P S—Such idiotic emotions can, of course, have nothing in common with my feelings for a most delightful "young thing" whom I have just met in the library. Her most unusual combination of beauty and intelligence places her so far above the common level that any comparison is simply ludicrous. I am at a loss to describe the refreshing effect she has upon my mind wearied by these inane romances of modern youth.

Dear Bill:

The first part of your letter were the words of a free man, an inquiring, adventurous philosopher—but, oh, Bill! How my heart aches for you now! Do you realize the tragedy that has befallen you? Do you realize that those days of true friendship and real freedom for you and I are gone forever? I alone remain free to think, to do, to be what I choose. I alone know no master. But you, alas, Bill, you are but a machine guided and directed by an invisible hand, and worst of all you find pleasure in such submission.

Why, oh why, did you ever enter that library? It is farewell, Bill. I cannot reason with a man who, like those whom you so lately condemned, have yourself lost both wit and reason.

With deepest sympathy,

YOUR EDITOR.

SPORTS

THE old saying, "Wark and no play makes Jack a dull boy," cannot apply to the O. S. A. students in any way, as a wide variation of sports has been provided under the able direction of Mr. Malyon, Mr. Parkinson, Mr. Mead and Miss Dunstan.

Basketball held the spotlight during most of the winter, and with reason, for the boys' team was one of the smoothest and fastest aggregations ever to wear the colors of the O. S. A.

Hockey shared with basketball the distinction of being the most important sport during the winter. Not only did the school produce a very good senior team, but inter-class hockey flourished, with a team from each class making up the league.

Badminton and volleyball were played enthusiastically throughout the winter; table tennis was popular until Christmas, and then for some reason was heard from no more.

Early in the fall Mr. Parkinson organized a soccer team which, after two of three practices, played the Olds High School to a scoreless draw in a dour struggle.

During the spring term Mr. Whiteford spent several Saturday afternoons in the gym coaching students in the manly art of self-defence. Everyone who attended learned much about boxing from the former British Navy champion.

FIELD DAY

•

M. McELROY

The annual Track and Field Day was held on October 22nd, a perfect autumn day.

There was keen competition in all events for both boys and girls. Many old records were equaled and at least one broken—that of the discus throw by Lloyd Grisdale. The day drew to a close with Emily and Morton carrying off top honors in their respective groups.

At the dance held in the evening, Mr. Sweeney, Deputy Minister of Agriculture, presented the winners of the individual events with ribbons and the champions with their cups.

WINNERS OF THE MEN'S EVENTS

220 Yard Dash—M. McElroy, Calgary; M. Flett, Edmonton; Reg Kesler, New Dayton.
100 Yard Dash—L. Grisdale, Olds; H. Hicken, New Dayton; M. McElroy.
Half-mile Run—M. McElroy; Geo. Loree, Nanton; M. Flett.
Mile Walk—H. Arvidson, Three Hills; T. Percival, Edmonton; E. Rippon, Coronado.
Mile Run—Geo. Loree; K. Hawk, Parkland; W. Waddell, Nanton.
Standing Broad Jump—H. Hicken; L. Grisdale; M. McElroy.
Running Broad Jump—H. Hicken; M. McElroy; L. Grisdale.
Running High Jump—M. McElroy; Gerald Loree, Nanton; Harry Patching, Lethbridge.
Shot Put—H. Hicken; M. McElroy; M. Flett.
Discus Throw—L. Grisdale; M. McElroy; C. Copithorne, Jumping Pound.
Inter-class Relay—Two-in-One Class.

WINNERS OF THE GIRLS' EVENTS

60 Yard Dash—E. Kitching, Red Deer; K. Keen, Olds; R. Grantham, Dowling.
120 Yard Dash—E. Kitching; K. Keen; R. Grantham and J. Muirie, Olds.
Half-mile Walk—E. Ferguson, Conjuring Creek; K. Keen; M. Erickson, Travers.
Running Broad Jump—E. Kitching; Helen Reglin, Brightview; K. McBain, Cremona.
Running High Jump—E. Kitching; Beryl Hawk, Parkland; K. McBain.
Standing Broad Jump—Helen Reglin; E. Kitching; B. Hawk.
Inter-class Relay—First Year Class.

The individual championships were won by Emily Kitching of Red Deer and Morton McElroy of Calgary.

The Two-in-One class won the class championship for the boys and the First Year class won for the girls' events.

Left to right—Jack Arnett, Art Gillespie, Ken Hawk, Ray Spofford, Charlie Cawan, Lloyd Grisdale, Ken Newton, Johnny Mocforland, Frank Cripas, Harry Potching, George Loree, Dick Baultan, Gilbert Switzer, Jim Merriman. Inset—Mr. Mead (Cooch).

HOCKEY, the most popular winter sport at the school, showed a marked improvement this year over previous years.

The O. S. A. rink was completely renovated and a smart new club house erected for the comfort of the players. The club purchased new goal pads and several new uniforms to produce a well-outfitted, fast-playing team.

Mr. Mead, who has played senior hockey with the University of Alberta and last year supervised the Vermilion School of Agriculture hockey team, proved an outstanding player and a very competent coach.

The all-stars got under way before Christmas. All practices were attended by an enthusiastic number of students, and Coach Mead had plenty of material from which to pick a well-balanced team.

The boys won and lost some hard-fought games. Goalie Jack Arnett was painfully hurt on two different occasions, being struck in the eye both times, but he managed to recover and again don the pads.

The teams played with were: East Olds, Westerdale, Eagle Hill, Didsbury and the local High School. The outstanding games of the year were played with Didsbury intermediates and Westerdale. The scores were: O. S. A. 9, Didsbury 1, and O. S. A. 5, Westerdale 1.

Inter-class hockey was also played, the second year team taking the honors from the two-in-one's and first year's.

Standing, left to right—R. Wood, W. Betts, R. Peterson, F. Cripps, G. Johnson.
 Seated, left to right—C. Cowan, D. Smith, P. Chudleigh, E. Hagerman, A. Orme,
 E. Dunn, T. Percival.
 In Front—W. Bohne, W. Gibbons.

BADMINTON went over with a bang at the O. S. A. this year. Probably more students than ever before were swinging rackets in the faint hope that bird and string would meet. To the merry twang of breaking strings and cracking rackets, the season has passed on.

Although there was no official badminton club (and right now is as good a time as any to suggest to those that follow us that a club should be formed), everything ran smoothly, thanks to the help and co-operation of Mr. Malyon and Mr. Parkinson.

The O. S. A. travelled to Carstairs, where they were soundly trounced. In return, Carstairs came to the O. S. A., where we broke a little better than even.

It is our sincere wish that those students in the future playing this game will enjoy it as much as we have.

Who's got a bird?

Back Row, left to right—Ethel Ferguson, Judy Ree, G. Laing, Mr. Malyan (Coach), Fern Spencer, L. Ferguson, Helen Reglin.
Seated, left to right—Emily Kitching, Beryl Hawk, Gladys Peterson, Helen Patterson.
Inset of Dorcas Wilson, Esther Dunn.

THE girls' basketball team reached a new high for this basketball season. Trainer and Coach Malyn succeeded in producing a team which lost only two games during the whole of the season.

The home games were with the following teams: Olds High School, Red Deer and Carstairs. Of these they lost one game, the game with Red Deer.

The games away from O. S. A. included several games played at the Olds High School and one game played at Carstairs. In this group the girls suffered one loss, that to the Carstairs hoopsters.

Invitation has been given to the O. S. A. team from the Red Deer squad to play a game at Red Deer. The players of the team expect to make this trip before the end of the term.

Due to the postponement of the Vermilion trip, many expectations of meeting our rival college were broken.

A FEW OBSERVATIONS BY COACH PARKINSON

Many times after recent games I have been asked the question, "Isn't this the best team the O. S. A. has ever had?" This puts me right on the spot.

We have a good team this year. The records show that to date we have played fourteen games with six different teams, losing only two games, and scoring 146 points more than our opponents. The first loss was a few days after school opened, before the boys were really

Left to right—Bob Minion, O. Vikse, W. Bohne, Don Ditzler, L. Thirsk, H. Patching, Gayle Johnson, Reg Kesler, Lloyd Grisdale, Ernie Briggs, Roy Peterson, Howard Hicken (Captain). Inset—M. F. Parkinson (Coach).

BASKETBALL started off with a bang this term, and was as usual one of the most popular sports of the season. The boys worked hard right from the start, and although they met with defeat the first game of the season, this only drove them on towards harder training. With untiring efforts Coach Porky finally got all the corners knocked off the hoopsters and formed the squad into two well-balanced line-ups. Mr. Parkinson was rewarded with a series of wins after that first game that would make any coach's hot feel a little tight.

organized. Then we were beaten by our friendly rivals, "Olds Super-Sevens." The second loss was to Calgary Technical Institute.

The majority of this year's squad are from the southern part of the province, where a basketball is a baby's first toy and where he cuts his teeth on a whistle instead of a ring. The rest of the squad come from the northern part where the rigorous climate develops real men.

A great deal of the success of the team this year is due to the captain, Howard Hicken of Raymond. Not only is Howard an outstanding player, but he has the ability to keep his team working smoothly with him. As a result we have had a very fine team spirit all season, which is half the battle in developing a team.

Coming back to that original question. It is impossible to rate any athlete or team of today against a similar athlete or team of past years with any degree of certainty or satisfaction. However, I would like to see a game between the '38-'39 team and one team I could pick from "away back when," but which for diplomatic reasons I must not name.

Brother, that game would be worth seeing, as neither of those teams know what it is to quit.

THE LITTLE ROYAL

THE "LITTLE ROYAL"

THE "Little Royal" of 1939 was held on March 11th. The great amount of work done by the students coupled with the favorable weather conditions on "Little Royal" day combined to make it a very successful show and a day long to be remembered by the boys who exhibited animals.

Very little sickness was experienced throughout the time the boys were preparing their animals, which gave everyone an even chance.

Due to the large number of Second Year and Two-in-One students and the large number of good animals available, there was a large showing made. Of the seventy-seven boys who originally drew animals for the show, seventy-four actually showed on "Little Royal" day. Three of the boys were sick on that day and could not take part.

This phase of the Animal Husbandry work is very important. Not only do the boys acquire the methods of fitting and showing but they acquire something even more important to the livestock man and that is a better understanding of the animal's nature.

The show this year was a success because the boys worked very hard and took a keen interest in the competitions.

The class of 1939 have given the class of 1940 a very serious challenge to put on a bigger and better "Little Royal."

HUMOR

IN THE WORDS OF

MR. KEMP—Modesty has ruined more kidneys than bad liquor.

MR. MURRAY—Beautiful young people are accidents of nature, but beautiful old people are works of art. Be your age.

BILL HEDLIN—The extreme penalty for bigamy—two mothers-in-law.

BERYL HAWK—What passes for woman's intuition is often nothing more than man's transparency.

TONY BATES—There is no such thing as a little garlic.

LIONEL PERRY—You can't pay attention to your brakes when your mind is on your clutch.

MORTON MCELROY—A smart man is one who hasn't let a woman pin anything on him since he was a baby.

DON DITZLER—I kissed my first woman and smoked my first cigarette on the same day. I have never had time for tobacco since.

REED WOOD—When I feel like exercising, I just lie down until the feeling goes away.

MR. MALYON—Chicken are like women—the better looking they are, the more useless they are.

MR. MCPHAIL—Oh, the good old days when the prisoner, not the sentence, was suspended.

GEORGE LOREE—No horse can go as fast as the money you bet on him.

JUDITH REE—Fashions exist for women with no taste.

NORMAN NELSON—Love is a man's insane desire to become a woman's meal ticket.

BILL BETTS—Many hands make light work—also a good jack-pot.

BEFORE THE FIGHT

INITIATION !!

A POOR SUBSTITUTE, BETTY

AT PEACE WITH THE WORLD

AFTER THE FIGHT

STUDY HOUR

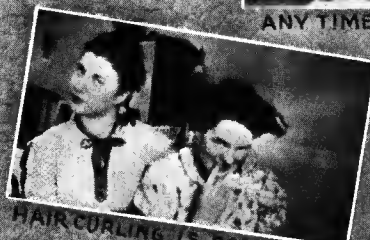

NOTHING LIKE COMFORT

SPECIAL IN FARM MECHANICS

ANY TIME IS CRIB TIME!

HAIR CURLING IS POPULAR!

JUST RELAXING

ODE TO A ONE-ARMED CHAIR

O' thou poor excuse for a writing desk,
One cannot sit on thee and rest.
Thine arm too short; thy back too straight,
Designed for students in Grade Eight.
Thou doest but little to aid my thought,
For pains within my bones you've wrought.
My neck is stiff, my fingers sore,
I'd like to bash thee on the floor.

L. P. and M. M.

THIS DAY AND AGE

A college graduate is a person who had a chance to get an education

A woman with her hair combed up always looks as if she were going some place—either to the opera or the shower bath, depending on the woman.

She looked as if she had been poured into her clothes and forgotten to say when.

He is a self-made man; a horrible example of unskilled labor.

The secret of being tiresome is to tell everything.

One of our male teachers wasn't so absent-minded when he sent his wife to the bank and kissed his money good-bye.

A woman visitor to the London Zoo asked a keeper whether the hippopotamus was a male or female. "Madam," replied the keeper sternly, "that is a question that should be of interest only to another hippopotamus."

Men heap together the mistakes of our lives, and create a monster they call Destiny.

Social success is the infinite capacity for being bored.

Reputation—A personal possession frequently not discovered till lost.

Pole Cot—A small animal to be killed with a pole. The longer the pole the better.

Time and tide wait for no man. But time stands still for a woman of thirty.

A stitch in time saves embarrassing exposures

Where there's a will there's a lawsuit.

An island—A place where the bottom of the sea sticks up through the H₂O.

A tourist speeding along the highway at 100 miles per hour was stopped by a patrolman. "Was I driving too fast?" asked the tourist apologetically. "Heck, no!" replied the patrolman. "You were flying too low."

Dac: "I feel duty bound to tell you that four aut of five die under this operation. Now, is there anything you would like me to da far you before I begin?"

Bill Betts: "Yassah! Kindly hand me my hat."

Mr. Malyon: "The best thing to do with a cull chicken is to cut its tail off clase, right behind the ears."

Winston: "If I were to throw you a kiss, what would you say?"

Pansy: "I'd say that you were the laziest man I've ever met."

Cawan: "Give me my pen, Judd."

Judd: "Dry up."

Cowan: "Nabady can tell me to dry up and get away with it "

Mr. Benn: "Dry up, Cawan "

Cowon: "Yes, sir."

Mr. Mead: "Where are you ga'ing, Snaxell?"

Snoxell: "To get water."

Mr. Mead: "What! In your pyjamas?"

Snaxell: "No, in this glass."

Jaques: "What's the difference between abstract and concrete?"

Quelch: "Well, when Reglin promises to bake a cake it's abstract, but when she does it's concrete."

Mr. Yauch: "I hope I didn't see you looking at your book, Boulter."

Boulter: "I hope you didn't either."

Emily: "You may kiss my hand."

Trevar: "Wassa matter? Is your mouth dirty?"

George Loree: "I certainly did wrong when I told my girl that I admired her chin."

Greg Todd: "How's that?"

George: "She started raising another."

Moon: "Do you know the difference between a taxi and a street car?"

W. Sutton: "No."

Moon: "Fine. Let's take a street car."

Cripps: "I suppose you dance?"

Hagerman: "Oh, yes! I love to"

Cripps: "Great! That's better than dancing."

Minion, after a night out, woke up and grabbed the hairbrush instead of the hand mirror. "Ye gods!" he exclaimed, "but I need a shave."

Newton: "Are you the girl who took my order?"

Waitress: "Yes, sir."

Newton: "Wonderful! You don't look a day older."

Mr. Kemp: "Now, really, don't you think that girls have cleaner minds than men?"

Gerald Loree: "Huh! They ought to. Look how often they change them."

Mr. Kangaroo: "But, Mary, where is the baby?"

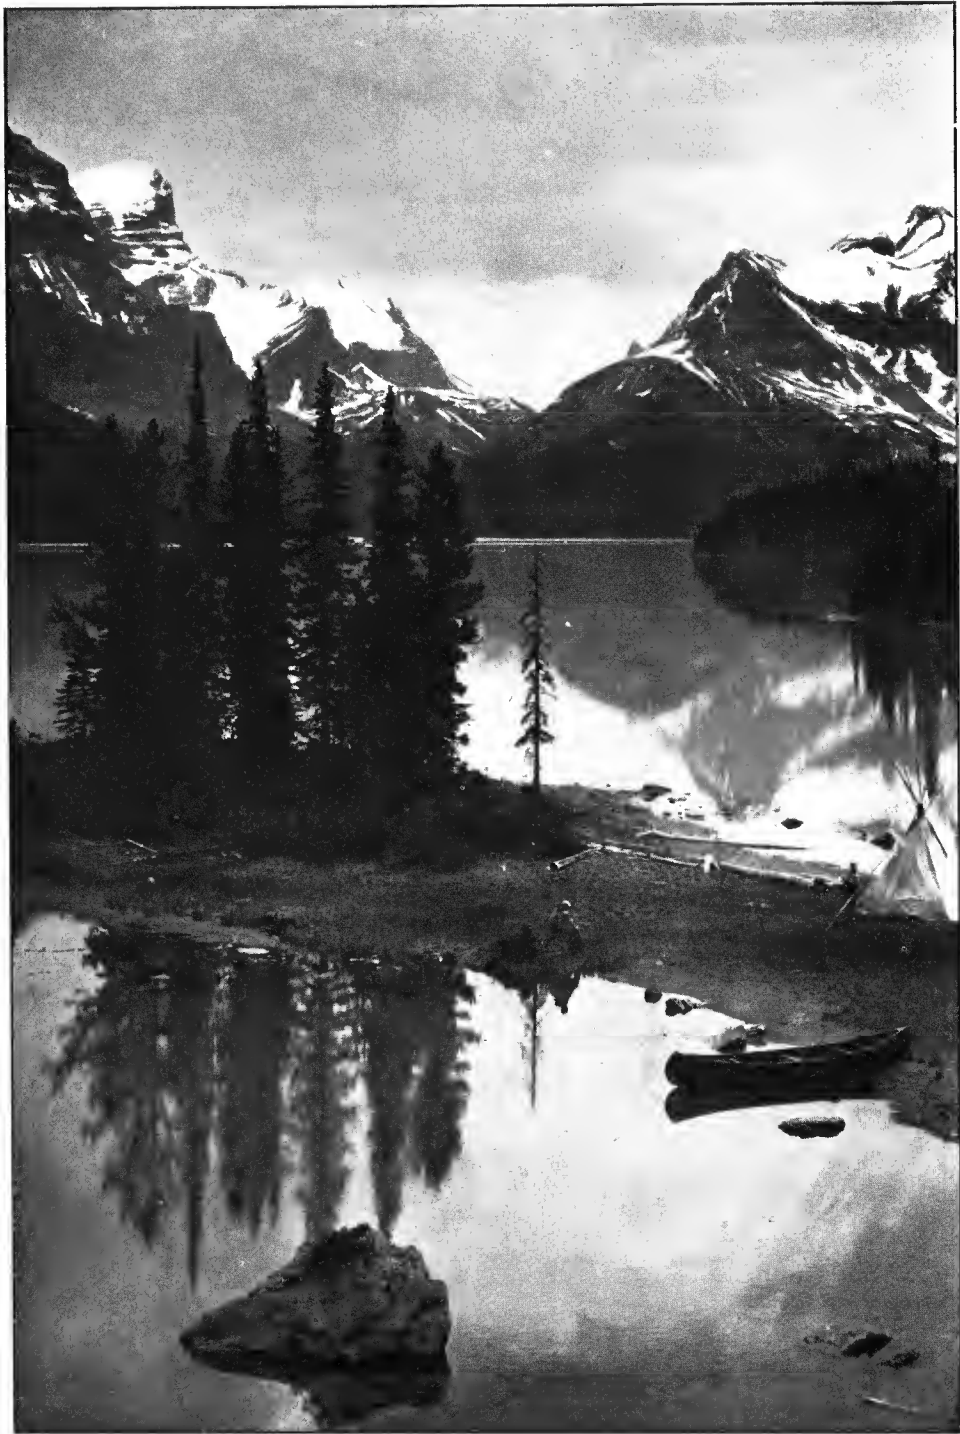

Mrs. Kangaroo: "Great Scott! I've had my pocket picked!"

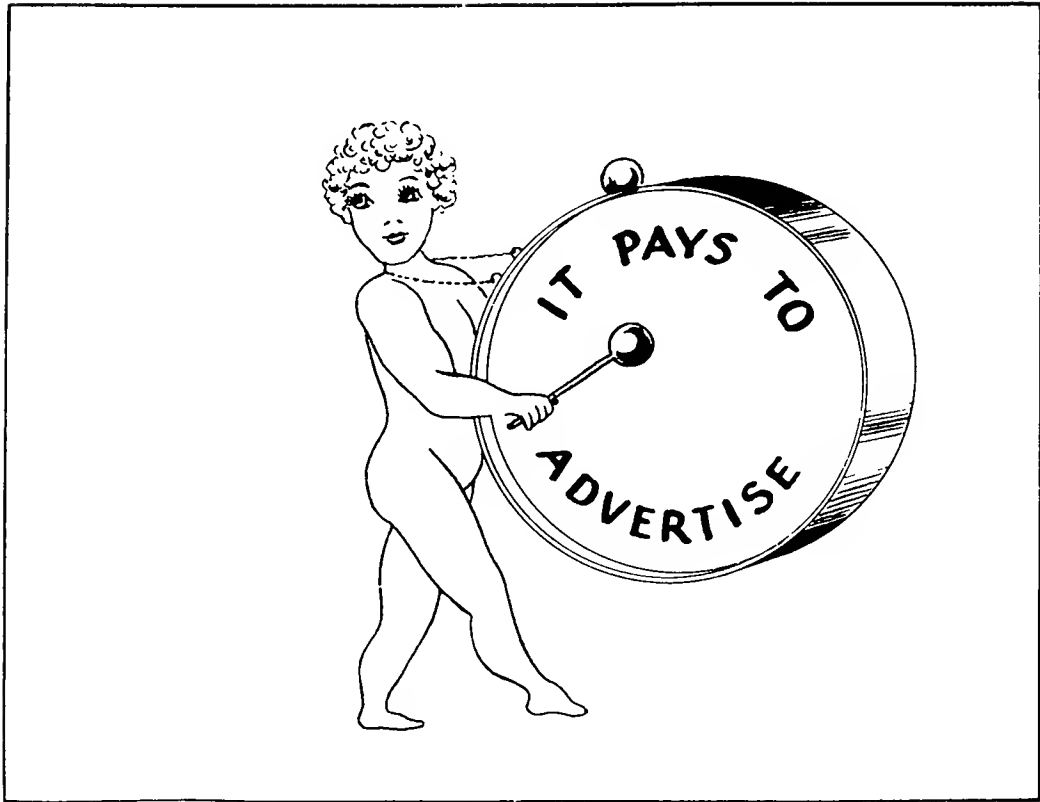

Kesler: "Hicken, you so-and-so! What did you do with that shirt that I left on the table last night?"

Hicken: "I sent it to the laundry."

Kesler: "X—!" "X—() I had all the chemistry formulas written on the cuffs!"

# What Is a "CASH PRICE"?

If you consult the Oxford Dictionary, the English authority, you will find the word "Cash" defined as "ready money" or "money paid on the spot" after the purchase of goods.

Nowadays "cash" is frequently endowed with an elasticity not in accord with its true meaning—no distinction being made between a time price and a cash price.

At **EATON'S** a cash price applies to money paid immediately and a cash price includes none of the costs of time selling. Customers, who wish to buy on the **EATON** Budget Plan, pay an equitable charge added to the low Cash Price to cover the costs of credit accommodation.

**BUT—**

It is our aim to make the **EATON** Budget Plan Price (even with the extra charge added) lower than elsewhere, and the **EATON** Cash Price the lowest obtainable.

# DEPARTMENT OF AGRICULTURE

Invites Individuals and Rural Communities  
To Make Use of Its Extension Services

## **AGRICULTURAL SCHOOLS**

The schools at Olds and Vermilion offer courses planned especially for young men and women who expect to return to the farm. No academic requirements; minimum age 16 years; cost reasonable.

## **SHORT COURSES AND FIELD DAYS**

Sponsored as a means of distributing the latest agricultural information and giving farmers the opportunity of discussing their problems.

## **WOMEN'S EXTENSION SERVICE**

Demonstrations and lectures are offered to women's groups. Practical courses are offered in Home Economics.

## **SCHOOL FAIRS**

Provide the beginning of agricultural instruction to students in rural schools.

## **JUNIOR CLUBS**

Training and leadership is given to young people on the farm between the ages of 15 and 22, through the Junior Club Programme.

## **AGRICULTURAL PUBLICATIONS**

The Department compiles and distributes publications on farm problems. A crop reporting service is carried on during the summer.

## **DISTRICT AGRICULTURISTS**

At various points throughout the province District Agriculturists are located to assist farmers with their problems and to assist in the promotion of activities that will improve rural life.

For any information respecting agriculture, apply to your nearest District Agriculturist or write to

# HIGH QUALITY CROPS

Canada is facing unusually keen competition in the marketing overseas of her wheat. Superior quality, however, will make our wheat easier to sell.

The Searle Grain Company, Ltd., is happy indeed to join with the Olds School of Agriculture in helping to improve the farmers' crops, hence in helping to enhance the quality of Canadian wheat.

Mr. Parkinson, in trouble with the gears of his Buick on Eighth Avenue, absent-mindedly said to the traffic cop. "I can't attend to you yet; put your hand down."

---

Miss Dunstan: "Where do you feel bad, Montgomery?"  
Montgomery: "In school."

---

Thunderous roar from the spectators: "We want a goal!"  
Reed Wood "I want a chocolate bar."

---

Mr. Holeton to Mr. Benn. "Don't question your wife's judgment—look who she married."

---

Hedlin. "What's the matter with your face, Lionel—dull razor?"  
Perry. "Nope—keen girl!"

---

Mr. Benn: "What are you laughing at? Is that book interesting?"  
Herb Rickard: "No, not interesting, but amusing. It spells the words so differently to what I do."

---

Alice Young. "I want the kind of a man who can take a joke."  
Doris Smith: " Don't worry. That's the kind you'll get."

---

Mr. Benn. "What are the two genders?"  
Bateman: "Masculine and feminine The masculine are divided into temperate and intemperate, and the feminine into frigid and torrid."

---

Miss McIntyre: "Loft! Do you think you are the teacher in this room?"  
Margaret Loft: "N-n-no, Miss McIntyre "  
Miss McIntyre: "Then stop acting like an idiot "

---

George Owen: "Why did you cut the sleeve out of your overcoat?"  
Ken Armstrong: "So I could put it on without taking my books out of my hand."

---

Chairman: "And Jenny Whiteford will now sing that sweet little ditty entitled 'Our cow wouldn't give any milk, so we sold him.' "

---

K. Malmas: "What parable do you like best?"  
E. Hoyme: "The one about the multitude that loafes and fishes."
